

Tournament History

The boys' hockey tournament began in 1945 when eight schools from across the state participated in the first state tournament. In 1992, the concept of having teams that rarely made the tournament was conceived with the Two Tier Tournament. When the teams were seeded for the sections, the top eight teams qualified for the Tier One tournament. All others were seeded by section for the Tier Two tournament. The experiment lasted only two years. In 1994, the two class system was devised and continues to this day.

From 1945-2018, there have been 1,111 games played in tournament history with 7,099 goals scored in those games.
